

## DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY

5000 OVERLOOK AVENUE, S.W., WASHINGTON, D.C. 20032

OFFICE OF THE GENERAL COUNSEL

TEL: 202-787-2240

FAX: 202-787-2254

April 27, 2004

Karen D. Johnson (3WP32)  
Chief, Safe Drinking Water Branch  
United States Environmental Protection Agency  
Region III  
1650 Arch Street  
Philadelphia, PA 19103-2029

Dear Ms. Johnson:

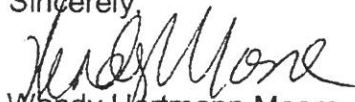

This letter supplements my letter dated April 22, 2004 responding to the Environmental Protection Agency's request for documents. As you may recall, I mentioned that the first document submission contained two separate boxes. However, only one box was submitted because all documents fit in one box.

Although my April 22, 2004 letter contained the standard objections as to privileges, no documents were in fact withheld from that submission on the basis of privilege.

Enclosed for your use is a general index of the documents provided to you during both the first and second submissions. You will note that there are a couple of bates numbers not provided to you. These documents were not withheld - no documents exist with those bates numbers.

Finally, as I believe we mentioned during our meeting of April 23, 2004, there are many arguably responsive emails that we continue to extract, print and review for relevance and privilege. Also, we continue to find documents that are arguably responsive to the EPA's information requests. We are reviewing these materials and will produce them as quickly as possible. Finally, as I mentioned in my letter and during our meeting, several databases exist that might contain relevant information. The databases are under the control of our contractor. We have asked for electronic copies of these databases and will forward them along as soon as we receive them.

Sincerely,

  
Wendy Hartmann Moore  
Interim General Counsel
